MSc IN FINANCE

GAIN A COMPETITIVE EDGE FOR YOUR FINANCIAL CAREER

OBJECTIVES

The MSc in Finance is designed for students who wish to enhance their understanding of financial analysis and asset management in a professional setting. Apart from state-of-the-art technical skills, students acquire soft skills by enrolling in management courses aimed at preparing them for executive positions in their chosen career path. The curriculum puts the emphasis on ethics, social responsibility and sustainability, thereby acknowledging that ethical conduct is critical for successful investment managers and financial analysts.

Theory is put into practice in Financial Markets Lab, where students can obtain professional certifications.

QS Business Masters Rankings 2022: IÉSEG is ranked 2nd worldwide in Class & Faculty diversity for its MSc in Finance

ADVANTAGES

- > Privileged use of the Financial Markets Lab, where students get full access to Bloomberg and Refinitiv data services
- > A curriculum designed to help students obtain the Chartered Financial Analyst® (CFA®) designation, the most prestigious and widely recognized investment credential in the world
- > Professional seminars bridging the gap between the theory and market practice

IÉSEG CAMPUS

- > PARIS-LA DÉFENSE

ADMISSION REQUIREMENTS

- > Minimum: Bachelor's Degree in Business Administration, Finance, Accounting, Economics, Engineering, Mathematics or similar from a recognized institution.

“A challenging program that offers unique and comprehensive insights into the world of finance.”

Dr. Yulia TITOVA, CFA
Academic Director,
Professor of Finance

■ ZOOM ON... THE CHARTERED FINANCIAL ANALYST® - CFA® (LEVEL 1) EXAMINATION

Our program prepares students for the Chartered Financial Analyst® (CFA®) level 1 examination that is the first step (out of 3) that leads to the attainment of the CFA® credential awarded to investment and finance professionals by the world-renowned CFA® Institute. The CFA® charter offers a permanent advantage in the job market and distinguishes CFA® charterholders throughout their career paths. Furthermore, our program gives students the possibility to participate in the global CFA® Research Challenge that constitutes an intensive training in the domain of financial analysis.

■ PARTNERSHIP

The MSc in Finance curriculum covers at least 70 percent of the CFA® Program “Candidate Body of Knowledge” (CBOK) and places a particular emphasis on the CFA Institute Code of Ethics and Standards of Practice. Consequently, it positions students well to obtain the Chartered Financial Analyst® (CFA®) designation, which has become the most respected and recognized investment credential in the world. Through participation in the CFA Institute University Affiliation Program, IÉSEG is able to grant up to 16 student scholarships per year. Students who choose to participate in the CFA® level 1 exam are offered 32 hours of coaching sessions. They are also provided with a unique opportunity to represent IÉSEG in the CFA® Institute Research Challenge, an international student contest aimed at promoting best practices in equity research.

Mariana,
Graduate - Portugal

“

After my studies at IÉSEG in Finance, I began to gain experience in the finance world. My first job was working as an accounting analyst for intercompany cash and goods operations at IBM's European Shared Services Centre, located in Bratislava, Slovakia. After one and a half years at IBM, I moved from accounting to consulting by getting a job in advisory with EY in Newcastle, England. I have now been with EY for almost 3.5 years, first as a project analyst and now as a senior consultant in digital finance. The international dimension of my current job is extremely important, since most of the clients I work with are from multinational companies. IÉSEG gave me the international business perspective, as well as the financial acumen I needed to succeed in the working world.

”

PROGRAM STRUCTURE

(Figures indicate the percentage of the program devoted to each subject area.)
