“

Firstly, I chose IESEG because it was the best option for me in terms of time, the courses provided, the amazing international environment and my personal budget. I chose the MSc in International Accounting, Audit and Control because I was looking for more knowledge regarding my professional background in accounting and wanted to develop a specialization in this in order to take forward my professional career.

My favorite courses in the program were the ones that gave us an essential understanding of the most important topics in audit and accounting, such as: Audit Techniques, CMA, Financial Accounting, Financial Reporting and Analysis I, Forensic Accounting and Fraud Risk Management, etc. Since March 2021, I have been working as an Administrative and Accounting Assistant at Isispharma.
